January 25, 2021

Dear Graduating Students,

Our free licensing preparation course, HWC 598, is now open for registration! **Please sign up on SOLAR by Monday, February 1st.**

We strongly encourage all graduating students to sign up for one of the six sections listed below. As you know, taking the licensing exam is an important step in your professional career.

Course requirements:

1. You must purchase the LEAP 2021 Comprehensive Study Guide with Practice Questions

<https://licensingprep.com/collections/masters/products/20macostguwp>

2. Take the online practice exam as follows:

You MUST take the online exam *twice as a course requirement: once before the course begins (pre-test); and once after your section of the course has finished (post-test).

* Everyone is required to take the pre-test the week of **March 4-March 12**, REGARDLESS of which section you sign up for. We will send reminders about the pre-test as we approach these dates.

*The post-test must be taken within 48 hours of completing the course. The post-test dates are listed below.

Please Note: After the POST-TEST, you may take the 170 question

practice exam as many times as you wish, 24/7, either in a timed or untimed format.
