MODERN SCIENCE

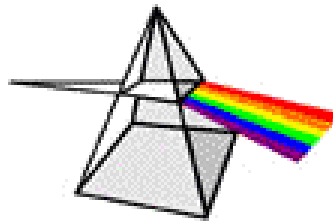

- “ Everything is Energy
- “ Energy and Mass Are Interchangeable
 $E=MC^2$
- “ Everything is Connected

TCM AND QUANTUM HEALING

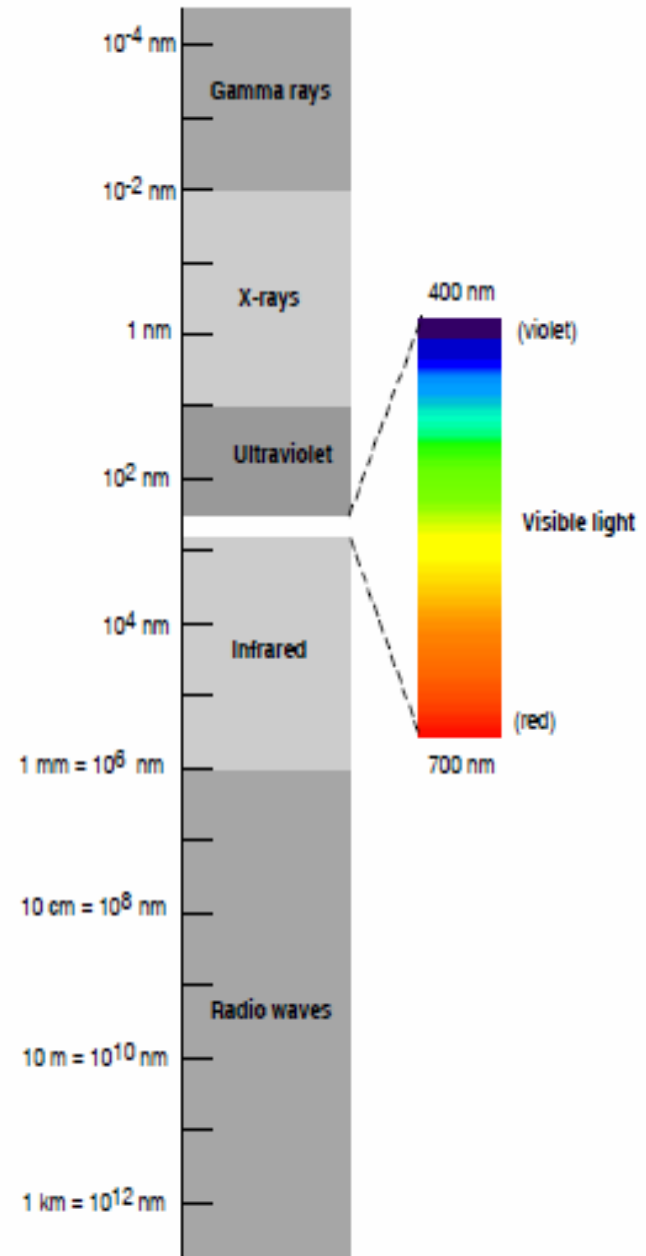

- 1.) **$E=MC^2$** . Mass and energy are interchangeable at the speed of light.
- 2.) **The body and spirit are connected** and in constant communication . at every level, at all times.
- 3.) **Nothing is separate**; everything affects everything else

What is Visible? Invisible? What Do You See?

Light Spectrum

É What the human eye can see is so narrow, it represents **less than 1/1000 %** of the known light spectrum

SEEING EXTENDED

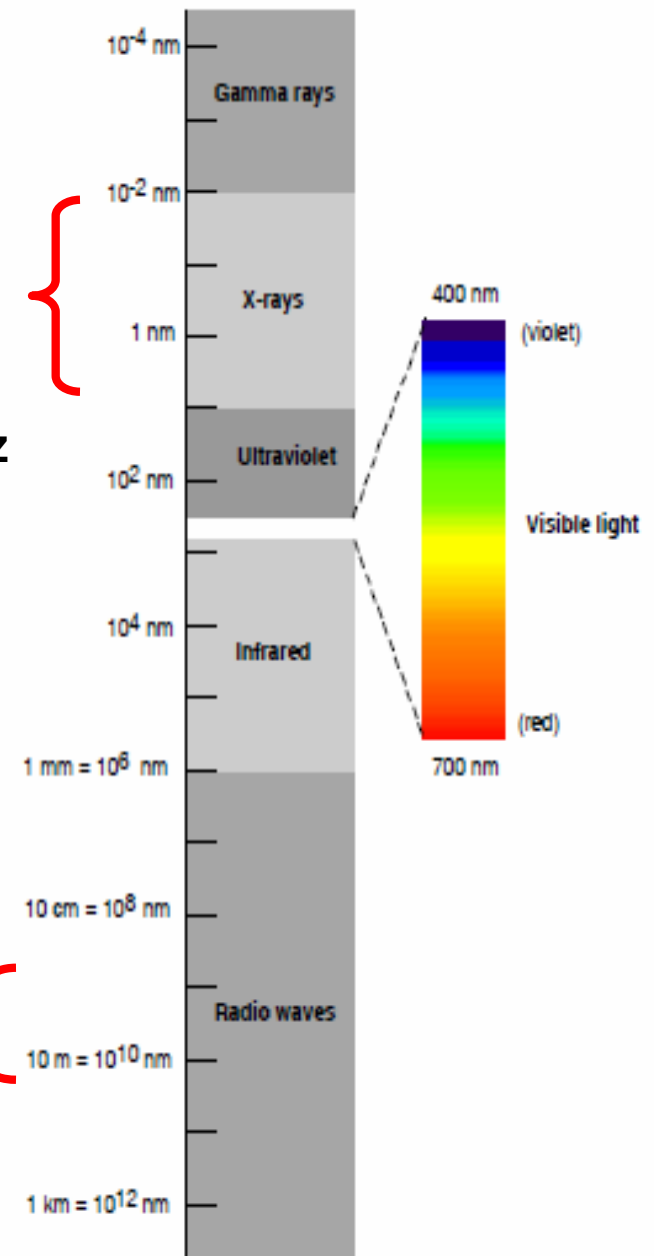

- “ A **CAT scan** uses ionizing radiation in the **X-ray** range
- “ **MRI** (Magnetic Resonance Imaging) **scan** uses non-ionizing **radio frequency** signals
- “ The compiled and enhanced image . while very useful . is only a **frozen moment**

What is not seen?

- “ Life Force
- “ Energy patterns of Nature

CAT Scan frequency range: 9.375 TeraHz to 20 ExaHz

MRI Scan frequency range: 1-100 MHz

$$E = MC^2$$

“ **INFORMATION IN THE
ELECTROMAGNETIC FIELD ...**

186,282 miles per second

“ **INFORMATION IN THE
CHEMICAL FIELD ...**

less than one centimeter per second

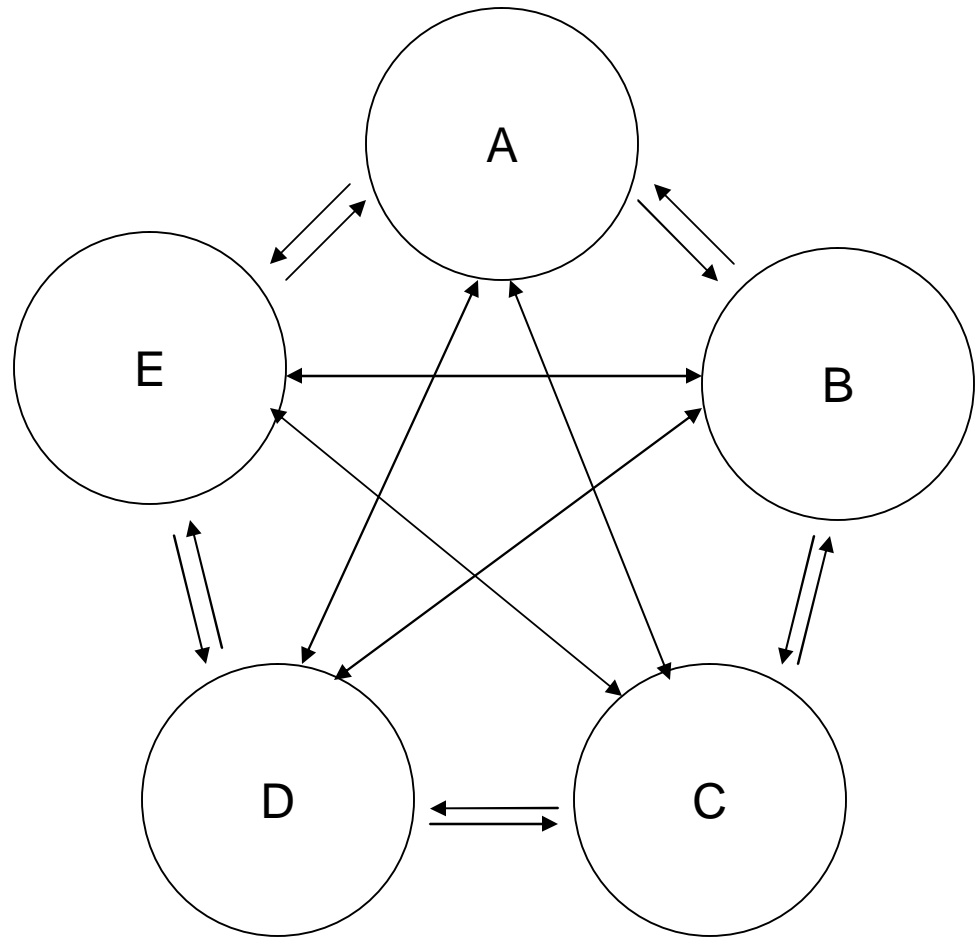

“ 1 Mile = 160,934 Centimeters

“ Earth to Moon 252,088 Miles

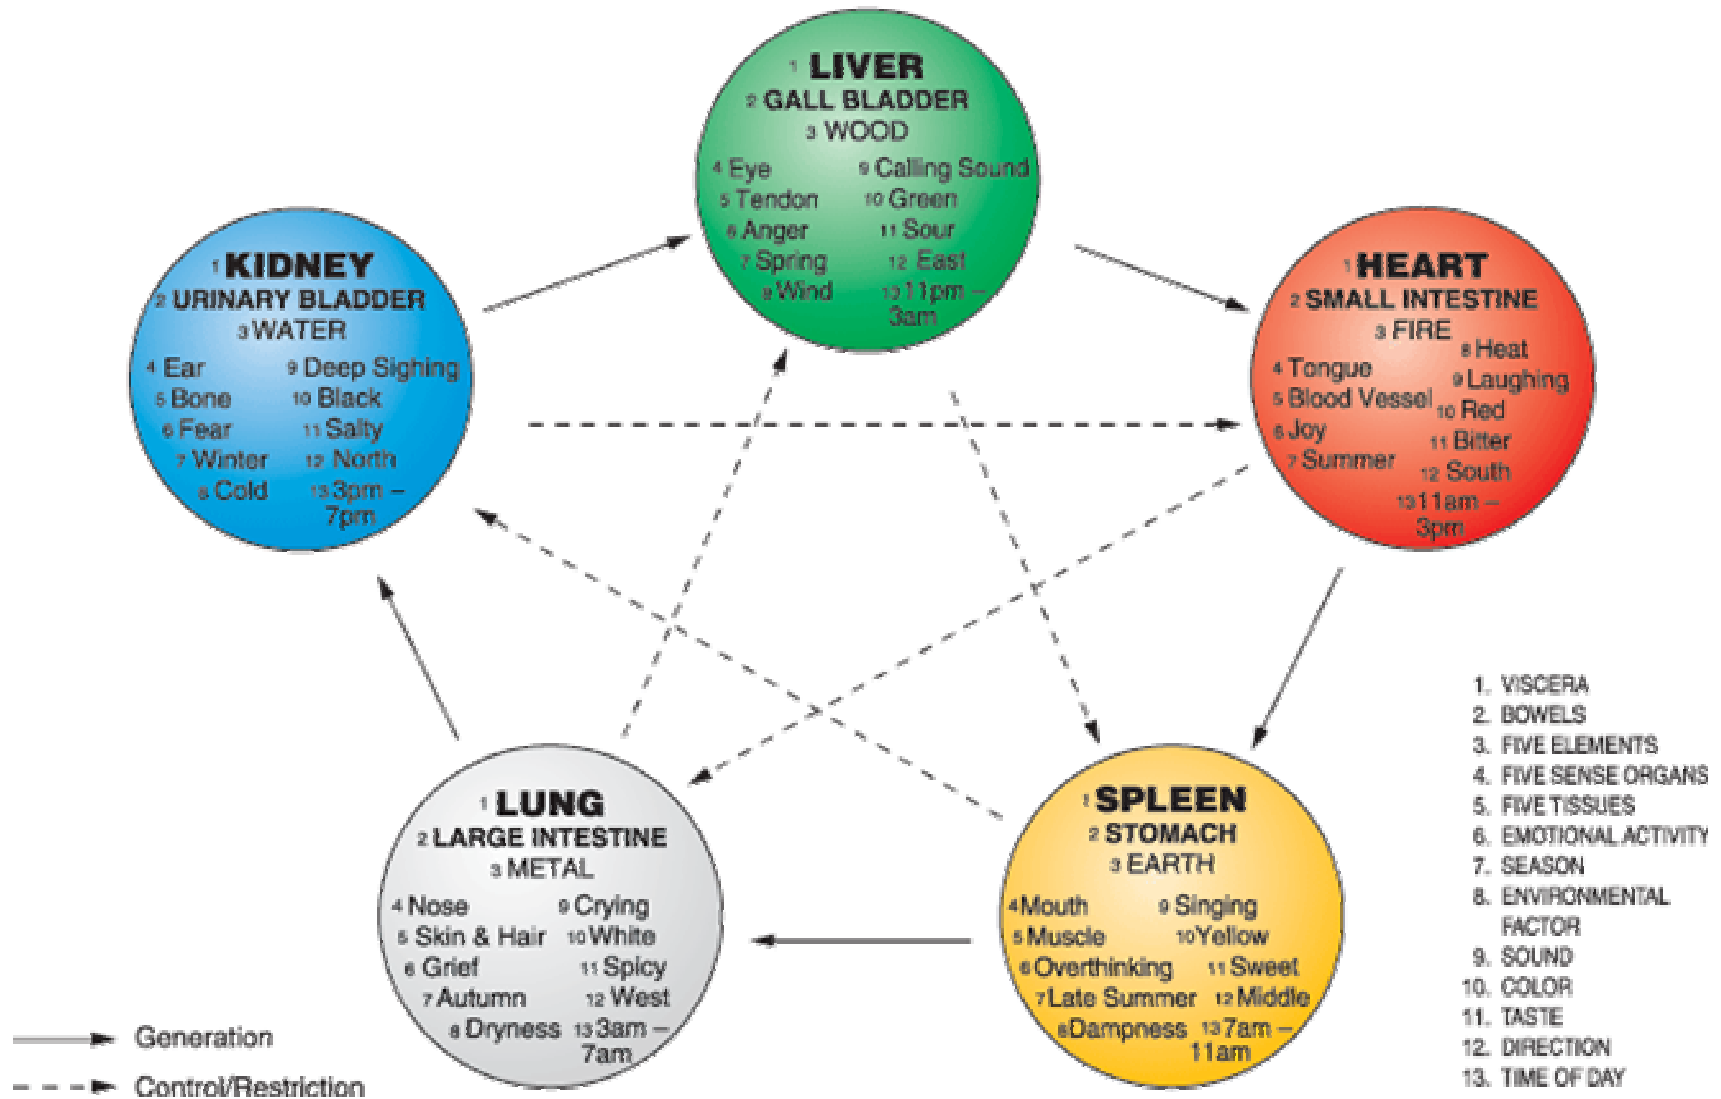

“ Earth to Sun 92,955,807 Miles=8.31 Minutes

QUANTUM THEORIES

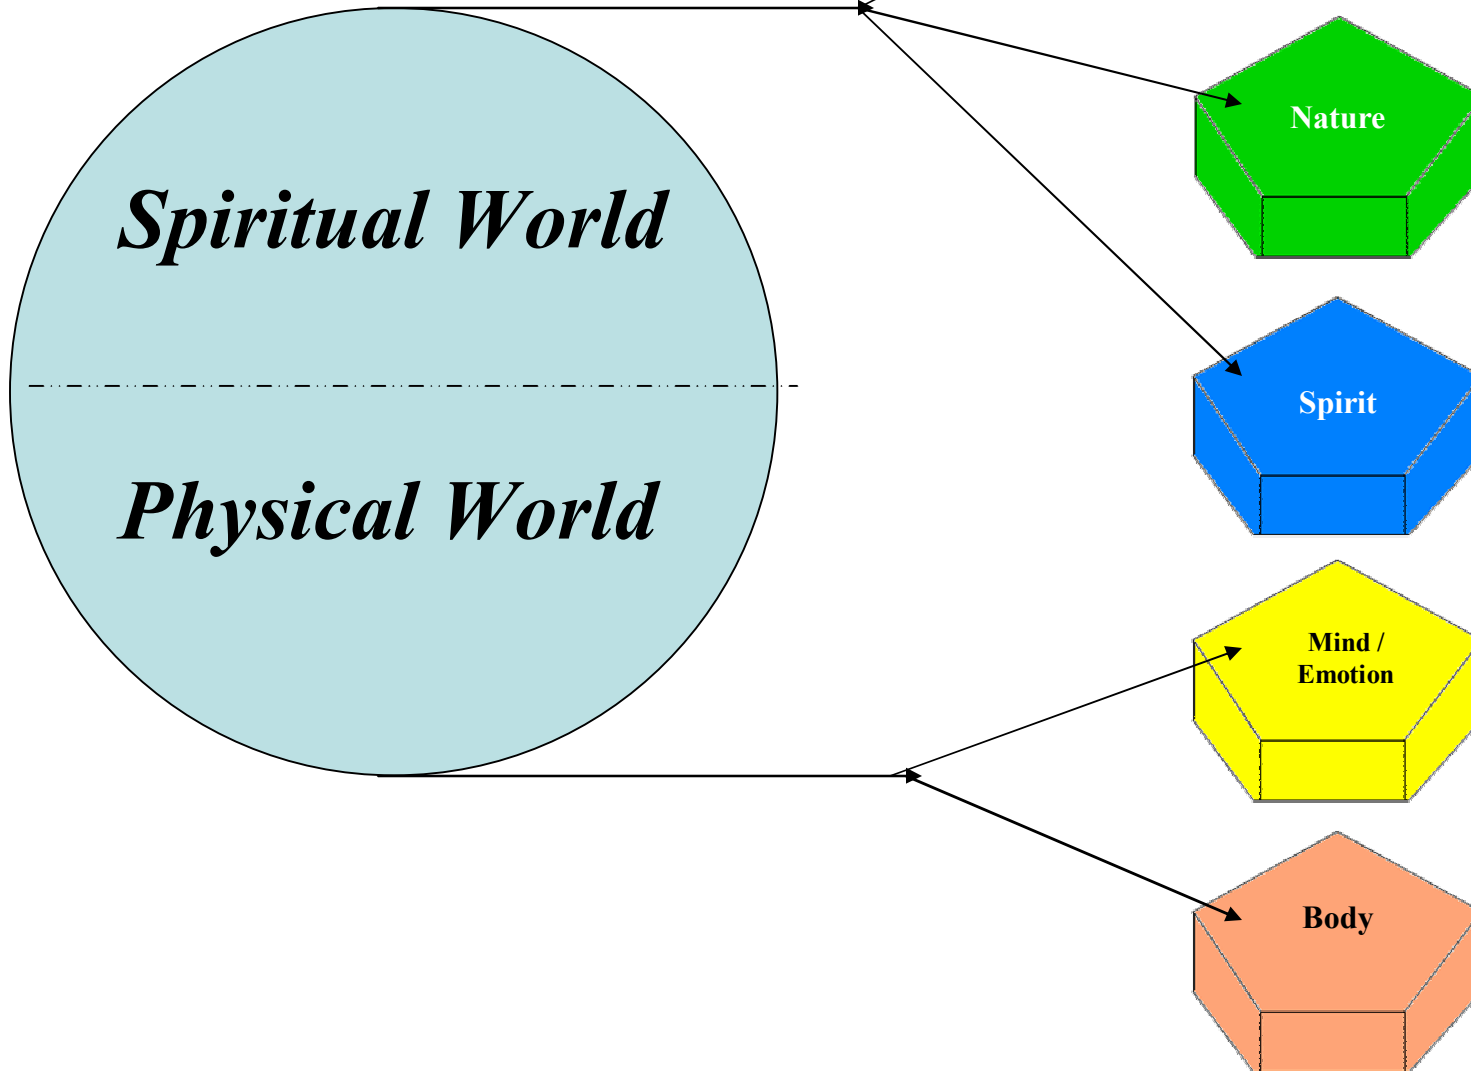

- “ Everything is connected
- “ Particle and wave: matter and energy field
- “ Consciousness and the observer affect the outcome

CLASSIFICATION OF THINGS ACCORDING TO THE THEORY OF THE FIVE ELEMENTS

HOW TO "SEE" SPIRIT'S MESSAGE

CHINESE MEDICINE = THE BRIDGE

“ Through the **VISIBLE** observation of 3D reality, Chinese Medicine tried to connect to the multidimensional **INVISIBLE** or **QUANTUM REALITY**.
