July 10, 2020

Dear SSW Students,

As a follow up to the email you received yesterday from the University Provost about the Fall schedule and registration and after careful consideration of all possible models for safely and effectively delivering instruction during the ongoing coronavirus pandemic, SSW is planning for Fall 2020 classes as follows:

All **MSW** classes will be conducted remotely, delivered both in real-time (synchronously) via Zoom technology or asynchronously (on demand). The delivery method will be designated as asynchronous or synchronous when you register in SOLAR.

BSW classes will be conducted in-person and/or remotely in real-time (synchronously) via Zoom technology.

BSW Juniors:

HWC311: Social Welfare Policy I, HWC304: Contemporary Social Justice Issues, and HWC310: Advocacy Practice: Understanding the politics and economics of human rights and social welfare -- have both in-person and Zoom sections

BSW Seniors:

HWC306: Practice Processes in Social Work II, HWC315: Integrating Seminar, and HWC326: Crisis Intervention (elective) -- have both in-person and Zoom sections

All other BSW courses are Synchronous Zoom-only sections.

While the University Registrar finalizes the course schedule, there is a temporary HOLD on BSW registration. BSW students will be receiving more information about course scheduling and registration the week of July 20.

We will continue to keep you informed as decisions are made. Thank you for your patience and understanding as we prepare for a dynamic fall semester!

Sincerely,

Jacqueline B. Mondros, D.S.W.
Dean and Assistant Vice President for Social Determinants of Health

Richard H. Morgan, Ph.D.
Associate Dean and Graduate Program Director
Clinical Associate Professor

Suzanne L. Velázquez, Ph.D., LCSW
Undergraduate Program Director
Clinical Associate Professor
